GX-295N-HHF(*)
GX-295N-HWF(*)

GeForce® GTX 295

1792MB [896bit] GRAPHICS CARD

Bus
PCI-E 2.0
Profile
Double
Output
Dual DVI

PLAYING FAIR IS OVERRATED.

Get ready to memorize a whole new set of benchmarks, because the XFX GeForce® GTX 295 graphics card is about to shatter your current "bests". Capable of outperforming anything on the market today, this dual-GPU-on-a-single-card is the ultimate enthusiast card. Offering the memory volume and frequency of two GTX 260 cards and the shader processor of two GeForce GTX 280 cards all adds up to one major advantage against your stiffest competition, because playing fair is entirely overrated.

- 2nd Generation Unified Architecture
- DirectX 10 support
- Quad SLI capable
- PureVideo HD technology
- NVIDIA PhysX-ready
- NVIDIA CUDA technology
- PCI Express 2.0
- Dual-link HDCP capable
- HDMI Ready
- OpenGL 3.0 support

Dual Dual-Link Technology

Supporting digital output up to 2560x1600 on two LCD Monitors at the same time.

SLI Ready

Delivers up to 2x the performance of a single GPU configuration for unparalleled gaming experiences by allowing two graphics cards to run in parallel. The must-have feature for performance PCI-Express graphics, SLI dramatically scales performance on over 60 top PC games.

Dual DVI

Able to drive the industry's largest and highest resolution flat-panel displays.

PhysX

NVIDIA's new GPU PhysX™ technology that renders convincing facial expressions, multiple ultra-high polygon characters in complex environments and convincing physical effects like weather and explosions. NVIDIA PhysX drivers are required to experience in-game GPU PhysX acceleration.

CUDA

NVIDIA CUDA™ technology and the new CUDA enables programmers to offload the most intensive processing tasks from their CPU to their GPU, putting the power of multi-threaded processor cores to work for you.

HDMI

HDMI is a new standard that combines digital video and audio in a single consumer-friendly connector. HDMI delivers a clear clean image at any window size, including full-screen high-definition resolutions up to 1080p.

Double Lifetime Protection

Our exclusive Double Lifetime Protection guarantees the quality and dependability of our card for both you and the second owner.
